

A simple, transparent guide to rates and how projects are scoped, quoted, and delivered — so every engagement starts with a clear, shared understanding before any work begins.

1 STANDARD RATE

CONSULTING

\$55 / hour

Design, build, implementation & enablement.

TRAVEL

\$27.50 / hour

Billed at 50% of the standard rate.

2 HOW PROJECTS WORK

- **Defined project → fixed quote**
A set, written scope is agreed and approved before any work begins. The price is fixed to that scope.
- **Change orders → separate quick quote**
Anything added or revised outside the agreed scope gets its own short quote, approved before it's built — no open-ended additions inside a fixed quote.
- **Exploratory / ongoing work → billed hourly**
"Try this, change that" work has no fixed scope by nature, so it's billed hourly at the standard rate.

3 FIXED-PROJECT QUOTE TEMPLATE

REUSABLE TEMPLATE — ONE PROJECT, ONE WRITTEN SCOPE

PROJECT NAME
